

Increasing Faith on Gaon Kalyan Samiti among rural people of Puri District

(A Report on Health Camp, for screening of Diabetes & Hypertension)

A health camp was organized on 23/05/2016 at Bangurba High School under Balipada Gram Panchayat of Puri Sadar Block for screening of Diabetes and Hypertension. The camp was conducted

by Balipada Gram Panchayat, in collaboration with All Gaon Kalyan Samitis of the Panchayat, CHC Chandanpur and NCD Cell, Puri.

The camp was inaugurated by Sj. Dibakar Patra, President Zilla Parisad, Puri. Smt. Jati Bariki, Chairman Panchayat Samiti, Sadar Block, Sj. Subash Chandra Swain, Zilla Parisad Member, Smt. Susama Rout, Sarpanch Balipada GP, Smt. Sasmita Pradhan, Sarpanch Gard Murgasira GP, Sj. Umesh Prasad Sarangi, DPM, NHM, Sj. Sudhansu Sekhar Nayak, Asst. Manager-GKS, NHM, Dr. Devi Prasad Mohapatra MOI/C, Smt. Bijaylaxmi Sahoo, BPM, Sibopasini Moharana, BAM, CHC Chandanpur, Dr. Lalit Kumar Dash, Epidemiologist, Sj. Biswa Ranjan Sahoo, FLC, Smt. Swati Priyadarsini Acharya, NPCDCS Counselor, Smt. Tapaswi Khatoj, NTCP Counselor of NCD Cell, NHM, Puri were spare their precious time during the camp.

Objectives:

- To make aware people on non communicable diseases.
- To ensure screening of people having Diabetes and Hypertension.
- To promote counseling and treatment for the people under risk
- To identify the risk cases for further follow up

The camp was returning with screening of diabetes and hypertension in particular, provide medicine, counselling in general to prevent the diseases, refer the crucial cases to DHH. 175 people of Bangurba and nearby 18 villages were attended the camp and checkup their health. The result of health screening that 27% people were identified as high in Diabetes (RBS \geq 140mg/dL) and 20% high in Hypertension (No. of Person with B.P \geq 140/90 mm Hg). Both the Diabetes and Hypertension is high among female. The high in diabetes and Hypertension cases identified in mostly Bangurba, Bayabar, Balipari villages.

GKS, GP Sarapanch with support of BPMU & DPMU.

The innovative need based intervention results a greater impact on increasing faith on Gaon Kalyan Samiti. The camp was under the cover of PRI members from village level to District level. Along with the MOI/C, 5 Doctors, 2 Counsellors of NCD Cell, ten Health workers (M/F), one senior pharmacist, eight ASHAs, 12 Anganwadi Workers. The camp was managed by all office bearers of

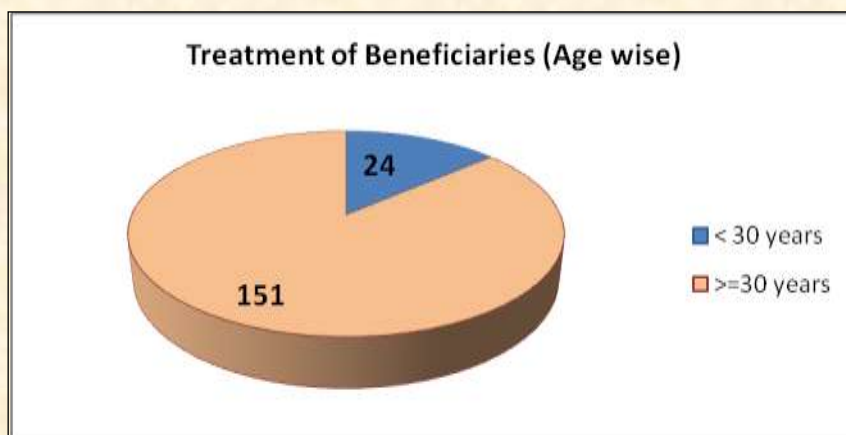

Extensive awareness by posters, hoardings and Miking were carried out in the villages for the camp. Random blood sugar was estimated by using automated Glucometer and pre coated Glucostrips. Precautions were taken for safe disposal of lancets and cotton swabs. Medicines were supplied with free of cost to all patients.

An IEC Corner was setup with poster, banner, having leaflet containing on life style diseases, Non Communicable diseases, Swathya Kantha messages. Counseling tips for health promotion, prevention of diabetes, cardiovascular diseases, cancer and ill effects of tobacco use were given by trained counselors.
